

CORE COURSES

1. Please refer to the Course Guide for graduation requirements and course descriptions.
2. Place an "X" on the line next to the course being requested. See your current teacher for approval if needed for a course (math, science, language arts, and AP courses) **You need to select 14 semesters with an X - then number your alternates 1-6**
3. Add together the number of semesters listed in the core courses and enter the total on the designated line on page 1. Then, add together the number of electives and enter below. Add alternates below and total all three lines. This should total no less than 20 semesters. 14 semesters plus 6 alternates.
4. An * indicates a prerequisite course is required- see Course Guide.
5. **Make sure you have 14 semesters with an X and number your alternates 1-6. 1 is your first choice back-up/alternate course and 6th is your last choice.**

HEALTH		# Sem	Course #	Signature
	Health 1	1	8310	N/A
	Health 2*	1	8311	N/A
